Minutes of the Pidley-cum-Fenton Parish Council Meeting Wednesday 13th November 2019 at 7.30pm in The Village Hall, Pidley

Present: Chairman Ms Charlie Lowe, Mr Robert Johnson, Mr Tim Ward, Mr Michael Haines, Mr Mark Wadsworth, Mr David Hopkins, Mr Paul Robbs Del la Hoyde, Mrs Louise Clowery (Clerk) Cllr Steve Criswell, Cllr Jill Taverner. **Also, present:**18 x members of the public – 19.45 open meeting.

	Open forum –	Clerk			
	LHI Bid options caused a great deal of conversation. Following the revised plan				
	being issued we only received two objections. One member of the public felt				
	that the council were in breach of what was offered. Whereas another member of				
	the public felt that this would cause lots of issues getting in and out of their drive				
	especially at peak times.				
	Various alternative options were discussed with the council before issuing this				
	revised plan and this was considered to be the best option from the council.				
It was highlighted that a raised island would cost 70,000. A zebra crossing would					
	be very costly and would not be considered as we do not have the footfall				
	currently. There would be concerns that people would not know that this was in	Charlie			
	use and not stop when needed.				
	Cllr Criswell did say that we can reject this part of the bid and just continue wit				
	the speed humps in Oldhurst Road. But other options would not be offered and				
	the funding would be lost.				
	Thank you to the handyman for painting the entrance gates at all points of the				
	village. Lots of compliments received.				
	Old planning notices on lampposts – please can we remove as no longer required				
	and some lamp pasts are getting a callection				
	and some lamp posts are getting a collection.

	back to two houses. It has been on the market for a long time as one house with			
	no success and would like to return this back to the original two houses. There			
	were previous plans submitted to the HDC to add a bungalow but this was not

	revised proposal of the plan which included a buildout on both sides with a					
	cushion in the narrowed entrance. This should negate fears of agricultural					
	traffic/tipper lorries going over the edge of the roads.					
	It was asked about speed cameras being installed but they only go in at speed					
	related areas of concern. The revenue of speed cameras go back to the home office and the council get charged for the maintenance.
